

The UMass Lowell Ally Space Program

is an educational initiative designed to help promote a safe and healthy campus environment for all students, staff, and faculty of all sexual orientations and gender identities. The Ally Space Program offers workshops on lesbian, gay, bisexual, transgender, and queer issues, ally education, and provides resources to the campus community. All members of the UMass Lowell Community are welcome to participate in any of the Ally Space Programs.

As a prospective, new, or current student that is a member of the LGBTQ or Ally community, we know asking LGBTQ related questions and finding answers can sometimes be difficult. Here is a list of staff that have completed our Ally Space training and can help you

find answers and resources for any questions
